

“WE FEEL LIKE THERE’S
A TOURNAMENT GAME
INSIDE OF US JUST
WAITING TO GET OUT.”

TOURNAMENTS EXPRESS IS A REAL GAME CHANGER FOR ANY CASINO FLOOR.

With **Tournaments Express**, you can easily turn just about any slot machine on your floor – no matter its manufacturer or the CMS you use – into **thrilling tournament machines within moments.**

- Quickly change more than 100 different slot cabinets from more than 20 different manufacturers into tournament games - even if you don't use a Bally system on your floor.
- Interactive kiosk included – players can self-register so tournaments require less time and fewer staff because players register and check results at the kiosk.
- Control tournament system via tablet or PC.
- Run most any kind of tournament - free play, invite-only, buy-in, multi-level, multi-round, group-start sessions, or play-as-you-come.

- Makes a more exciting slot floor - The Tournaments Express package includes an overhead display powered by CoolSign, which shows scores and results in real-time for everyone to see, creating a thrilling atmosphere of competition.

THREE WAYS TOURNAMENTS EXPRESS WILL BE A GAME CHANGER FOR YOUR SLOT TOURNAMENTS:

1. Easy tournament set-up for you & your team

With Tournaments Express setting up tournament play takes less time and less staff. Set up theme and duration of a tournament via PC or tablet in seconds. Then, when the tournament's over, just switch the games back to revenue mode.

2. Easy tournament registration for your players

Players just swipe their players club card at the Tournaments Express kiosk. They get a ticket with all the info they need and they're ready to play. Players can also check their results at the kiosk following the tournament.

3. More fun & exciting tournament play

Tournaments Express creates a thrilling atmosphere on your casino floor. With real-time scores on machines and an overhead CoolSign display, tournament players and anyone else on the casino floor can see the competition heat up and see who is atop the leaderboard.
